For more info: walkcolchester.org.uk/janes-walk

Jane's Walk is an international festival of local walks taking place in towns & cities worldwide, celebrating the urbanist, writer & activist Jane Jacobs (1916-2006). Jane's Walks are typically shorter (under 3 miles), and best thought of as non-expert, community-led 'walking conversations' on a wide range of local themes.

Our Colchester festival this year is dedicated to Middlewick Ranges and to the community of people who have rallied to save this precious green space on the edge of our city.

All walks are FREE. No booking is necessary unless stated.

Walk times are approximate. Some 'Meet' locations (prefixed ///) use what3words.com

Unless otherwise indicated, all city centre walks are step-free. For further info on walk accessibility, see our website info and Facebook walk event pages.
